# City tour by private tram

Step aboard a private tram and embark on a unique and exclusive tour of Tallinn that will reveal sights and experiences beyond the ordinary. Discover the beauty of Kadriorg Park, the modern and developed city centre, and the Soviet-era suburbs that most tourists never get to see. Enjoy complimentary snacks and beverages on board as you make your way through Tallinn's diverse neighbourhoods. This tour will offer an intimate and unforgettable experience of Tallinn.

# Morning run

Escape the crowds and experience Tallinn on an early morning running tour. Enjoy a scenic run along the seafront promenade and around Tallinn's UNESCO-listed Old Town, stopping along the way to admire the beautiful medieval buildings or take photos. There's a very nice variety of options for running in Tallinn, whether it's a historical 'tour' of the old city, paths along the Baltic Sea, or simply through the plethora of lovely parks.

# Kalamaja street art tour

Explore the rich history and culture of Tallinn's up-and-coming Kalamaja neighbourhood on an art tour unlike any other. Discover stories from ancient times that have shaped the neighbourhood as a hub for factories and heavy industry during both the Russian empire and the Soviet era. On this tour, you'll have the opportunity to interact with a unique statue of a bathing fish, climb the roof of the City Hall, and admire street art that sits on the border between sea and land.

# Make yourself a souvenir out of leftover leather

Reduce, reuse, recycle! Unleash your creativity and learn about sustainable practices with renowned Estonian designer, Stella Soomlais. At her studio in Tallinn's Telliskivi Creative City, you'll have the chance to participate in interactive leather workshops where you can make your own leather wristbands, watch straps, key holders and other accessories. Stella shares her passion for leather craft and teaches the importance of recycling, reusing and repurposing materials. Take this opportunity to create a personal item or a unique gift and infuse it with genuine emotion.

# Meet a sustainable fashion designer

Spend an afternoon with Reet Aus, a sustainable fashion designer notorious for her role in the upcycling industry. As a PhD holder, she has developed industrial upcycling principles that significantly reduce the fashion industry's impact on the environment. Her method is to recycle fabrics leftover from mass production and use them in new designs. This innovative approach is revolutionizing the industry and promoting sustainable fashion.

# Reuse and give preference to materials that are local

Örreke workshops combine environmental wisdom and creativity with fun social activities. Small studio in the Center of Tallinn Old Town inspires with its Middle Ages atmosphere to make local souvenirs by your own hands. There are workshops to make home cosmetics, local sweets, home decorations, leather works or even jewellery from porcelain fragments. Workshops are short and fun and can be added to your day tour in Tallinn.

# Plant trees together with your peers

Looking for an outdoor team building activity that is fun, impactful and meaningful? Planting a tree in one of Estonia's national forests is a perfect way for your team to give back and connect with nature. It's also a great opportunity to experience the country's natural landscapes. Tree planting is possible from April to October when the weather is nice and the soil is soft. Help combat deforestation and make a positive impact on the environment.

# Experience a true Estonian bog

Estonia boasts a unique and ancient landscape form - the bog. These mystical natural landscapes are not to be mistaken with swamps. Bogs are peaceful and mystical places to rejuvenate your mind and body. Experience the tranquillity of a bog walk, take a refreshing swim in one of the stunning bog lakes during sunrise or join a yoga class surrounded by peat moss and cranberry blossoms as the sun sets. Reinvigorate your body and soul in the serene and peaceful environment of Estonia's bogs.

# Zero waste dinner

Fotografiska Tallinn, a satellite gallery of Stockholm's renowned Fotografiska photography museum, is located in the heart of Telliskivi Creative City. The gallery's restaurant was awarded a Michelin Green Star for its commitment to gastronomy and sustainability in May 2022.

The restaurant has achieved zero waste status through local foraging, ethical suppliers, composting, and reusable food containers. The zero-waste philosophy of the restaurant reflects respect for ingredients and preserving all parts of the product to reduce its carbon footprint.

# Pop-up outdoor restaurant

Experience the best of Estonia with a unique combination of breathtaking natural landscapes, authentic outdoor adventures and rustic yet delicious local meals. Enjoy high-quality meals sourced from the surrounding nature while on a hike or outdoor activity of your choice such as bog walking, bushwalking, canoeing, fat bike riding or kayaking.

Let our experienced partners set up an outdoor restaurant at a campfire site near your chosen adventure path, even deep in the woods. The experience is served in a beautiful natural setting and cooked on a live fire. Have the head chef prepare the meals for you and share stories about the dishes for an even more personalized experience.

# Sustainable accommodation & Green Key

Tallinn has a wide range of accommodations for all tastes, including selection of hotels and accommodations that put emphasis on sustainability.

Several hotels in Tallinn have joined the international eco-label Green Key, which gives companies an operating model for developing an environmentally friendly and sustainable workplace. The label indicates that the company is committed to reducing its environmental impact. By choosing companies with the Green Key label, you are being more responsible during your stay in Tallinn.
